

The Defense of Jisr Al Doreaa

Practical Exercise 7 “Conduct a Raid”

In his fifth dream 2LT Connors conducts a successful raid on an insurgent cell in Al Doreaa. His success was largely due to tactical patience and good intelligence gathering. Conducting a raid or cordon and search is a complicated task with numerous planning concerns. How would you have conducted the raid?

Task: Create and brief a raid operations order

Conditions: Given the same mission and troops that were available to 2LT Connors.

Standards: Write and brief a five paragraph OPORD for the mission. Include graphics with direct fire control measures, a troop to task matrix with COP security personnel and special teams identified.
